

NEW REVOLUTION HAS BROKEN OUT AT PETROGRAD

TWIN CITIES HAVE MUCH PROSPERITY TO BE THANKFUL FOR

Every Man Has a Job and Merchants Are Doing Record Business. Building is Booming. Shoals Development is Bright Bow of Promise

The present Thanksgiving Day, despite the war clouds that lower over the world horizon, finds the Twin Cities under obligations to a benign Providence for the greatest outpouring of material prosperity that they have ever known. It finds both Albany and Decatur running in "high," with more money changing hands in the marts of trade and more business houses in process of construction than at any time since they were established. It finds such a period of development as must immediately precede a genuine "boom" of the old fashioned kind.

SPEED WORK ON PHONE BUILDING

With a force of thirty men employed, the new telephone exchange building on Johnston street is being hurried to an early completion under the skillful direction of O. W. Baxter, a member of the contracting firm of Baxter Bros., of Huntsville recently, but now also of Albany-Decatur, as they expect to maintain an office in the Twin Cities.

The progress made in the construction of this building, which will be one of the handsomest in this section of the state and will cost more than \$50,000, has been a source of constant surprise, and the contractors are already being warmly congratulated.

The structure fronts 65 feet and 4 inches on Johnston street and extends back 79 feet and 4 inches. The building materials used are reinforced concrete and brick, the front being of impervious buff colored brick and the side and rear walls of red brick. The front has been completed nearly to the second floor and the sides and rear nearly to the eaves. The inside walls are to be of brick and tile.

The exchange will not only be equipped with every modern utility, but will also be constructed with a special view to the pleasure of the employees. It will be provided with shower baths, assembly rooms, lockers and many other conveniences.

THANKSGIVING.

(By Grady C. Morris.)

What have we today to be thankful for, as today is the blessed Thanksgiving Day.

We surely can be thankful to the blessed Lord, we now live in a land of liberty.

Be thankful that God is letting us live; we are able to work and to pray and to give.

Be thankful that He said He would answer our prayer, if we trust in His mercy His glory we'll share.

Be thankful today that salvation is free; a home is prepared for you and for me.

In the beautiful skies so far up above, and Jesus is there with all His true love.

Give thanks today to the Savior who died, for the sins of man He was crucified.

He suffered the torture to perfect a plan by which we may enter that mansion so grand.

Give thanks every day for all that you have, for God in His power is able to give.

He will bless us each day with all that we need, if we thank Him each day, and His lambs we do feed.

Give thanks everyone for our boys over the sea; they are waving the flag for you and for me.

They are suffering hardships and fighting for the right.

Lest our great nation the enemy should blight.

We are trusting in Jesus our boys to return, for their presence here with us we so often yearn.

But if they never return, the promise is given.

Give thanks unto God, we can meet them in heaven.

MEAT DRIPPINGS MAKE FINE SOAP

Making soap from the drippings of meat is the practical war work of Mrs. O. O. Van den Berg of Washington, who is shown at her desk in the uniform of the United States food administration. The drippings are saved until six pounds are accumulated. This, with one can of lye, will make 15 cakes of hard soap, delightful for the bath and excellent for washing fine fabrics or laces.

Three Thousand Persons Attend Opening of New Hosiery Mill

It is estimated that three thousand persons attended the opening of the Decatur Hosiery Mills yesterday afternoon. From 1:30 o'clock to 3:30 o'clock, a steady stream of visitors poured through the mill building, where the art of weaving half hose from cotton thread was explained to them fully.

Pete Ballas, the official caterer, served more than one thousand persons with coffee and cake, and it is estimated that owing to the rush only one out of three took the time to be served.

The guests were received by President Hyde, General Manager Fred and Mayor James A. Nelson.

Baptists Send Car Food to Orphans

Muscle Shoals Association Responds Nobly to Call of Needy.

The committee appointed at the last session of the Muscle Shoals Association to look after the collection and shipping to the Baptist Orphan Home at Evergreen, Ala., of a carload of produce, corn, etc., to the orphan children, has been discharged.

More than nine thousand pounds of corn, potatoes, syrup, peas, canned fruit, peanuts, popcorn and some other things was sent in from the different churches in the Association. The people are to be commended for their faithful response, this being the first effort this association has ever made to send a shipment to the Orphanage as an association.

Owing to the congested conditions of freight on the different railroads at this time a car could not be secured to send this shipment all together. The best that could be done was to send it as local freight from the different points on the railroad where it was carried.

Wish to thank, especially, Brethren John A. Thomason, J. D. Porter and Mr. Sherrill, of Hartselle, for their services, and others whose names are not mentioned.

J. L. Hearn, chairman of committee.

Heavy Toll Taken By German U-Boats

London, Nov. 29.—Fourteen British merchantmen of 1,600 tons and over and seven of less than 1,600 tons were sunk by mines or submarines last week, according to the weekly admiralty statement issued this evening. This is an increase of four vessels in the larger category over the number reported sunk in last week's report.

The admiralty statement follows: "Arrivals, 2,058; sailings, 2,122."

"British merchantmen" over 1,600 tons, sunk by mine or submarine, including one previously, 14; under 1,600 tons, 7; fishing vessels sunk, none. "British merchantmen" unsuccessfully attacked, including one previously, 3."

Last week's admiralty report announced the sinking of seventeen British merchant vessels, ten of more than 1,600 tons and seven of less tonnage.

The previous week only one craft of 1,600 tons and over and five of less tonnage were sent to the bottom.

Information has reached the admiralty that Germany is building submarines at a faster speed than it had been able to reach before.

Mrs. Ernest Hine and Miss Madeline Dix, of Athens, were in the city today, returning home at noon.

GORGAS DEMANDS WINTER CLOTHING AND MORE SPACE FOR CAMP WHEELER

(International News Service.)
Washington, Nov. 29.—Crowded conditions and lack of winter clothing are ascribed as the causes of 3,000 cases of measles and 300 cases of resultant pneumonia and 60 deaths at Camp Wheeler, Macon, Ga., according to a report submitted today by Surgeon General William G. Gorgas. The general demands 50 feet of floor space for each soldier and winter clothing for all.

GREAT WAR COUNCIL OPENS AT PARIS; COL. HOUSE THERE

MANY NATIONS SIT IN AT GATHERING THAT MARKS NEW ERA FOR UNITED STATES.

(International News Service.)
Paris, Nov. 29.—A new era of internationalism for the United States dawned today with the opening of the supreme inter-allied war conference. The conference will treat with political and economic matters.

The inter-allied war council, which will deal with military affairs, will hold its first session tomorrow at Versailles. Americans will sit at a council of war dealing strictly with European matters for the first time in history. It is an epochal event, giving the United States a place in world affairs it had never known before the war broke out.

Never has there been such a gathering of statesmen as Paris is now seeing. Notable figures who are directing the destinies of the world through the French foreign office. One of the dominant figures at the conference will be Col. E. M. House, head of the American mission sent to Europe by President Wilson.

Among the most notable nations represented are France, England, United States, Italy, Japan, Belgium, Serbia, Roumania, Greece, Portugal, Montenegro, Brazil, Russia and Siam.

The chief task before the international representatives is the co-ordination and unification of the conduct of the war on the allies' side. Concentration and the elimination of waste and useless energy in both economic and military affairs so that victory may be achieved at the earliest possible moment is the purpose to which the entente nations have set themselves. Every phase of the war will be canvassed and scrutinized and it is possible that a re-statement of the entente war aims may be made.

German Reichstag in Session Today

(International News Service.)
Amsterdam, Nov. 29.—The German Reichstag is scheduled to meet in Berlin today. Dispatches from Berlin said that Chancellor Von Hertling would make his maiden speech in the Reichstag and that it would deal with the possibility of a separate peace with Russia, as well as with other important questions.

Turkey Dinner For Our Boys in France

(International News Service.)
Paris, Nov. 29.—American soldiers in France had an old-fashioned Thanksgiving dinner today. The traditional cranberry sauce was lacking, but there was plenty of turkey with bread and fruit.

GREAT GUNS ROAR IN WEST FLANDERS; NEW BATTLE OPENS

"Brains of the German Army" Reported as Directing Hun Operations There

TEUTONS RUSH REINFORCEMENTS TO CAMBRAI

Violent Artillery Duels Are Raging Along the Italian Battlefield. Aviators Active

(International News Service.)
Washington, Nov. 29.—Reports that a new revolution had broken out in Petrograd and that street fighting had resulted reached here today. There was no official confirmation but at both the Russian embassy and the state department it was stated that the report was probably true, as all reports from Petrograd indicated that the Bolshevik control had resulted in unrest. It is not believed possible, however, that any real revolution could start in the Russian capital.

(International News Service.)
London, Nov. 29.—Lord Robert Cecil's announcement in parliament that the allies are considering the issuance of a warning to Russia against making a separate peace with the central powers, put a new phase upon the troublesome Russian situation today. How much influence the warning would have with the irresponsible Bolshevik leaders now in control at Petrograd and what steps the allies might take to back it up, were questions that aroused much interest in diplomatic circles today. According to information from Petrograd, next Monday is the date set when Russia and German representatives will formally discuss an armistice as a prelude to separate peace negotiations.

(International News Service.)
London, Nov. 29.—The Germans continue to rush fresh troops for the defense of Cambrai. Dispatches from the front today told of the concentration of strong German forces in the sector of Bourlon and Fontaine Notre Dame under the protection of a terrific bombardment which the German artillery kept up against the British positions. During the lull in the infantry fighting the British defenses were strengthened. North of the Bapaume-Cambrai road, German attempts to dislodge the British from high ground failed.

Violent cannonades are taking place on the West Flanders front and the sound of the firing can be heard all the war across Belgium. Field Marshal Ludendorff, chief of staff to Von Hindenburg, and known as "the brains of the German army," is reported from Amsterdam to be on the West Flanders front preparing for a counter blow.

(International News Service.)
Rome, Nov. 29.—Violent artillery duels were reported from the battlefield in northern Italy. For three days the Teutons have been massing troops along the upper Piave river and between the Piave and Brenta valleys. Despite the bad weather, Italian aviators have been active on the Asiago plateau.

Football Game On Thanksgiving Bill

Hartselle and Moulton to Clash on the Albany Grounds.

One of the big items on the local Thanksgiving bill is the football game to be played this afternoon at the Y. M. C. A. baseball park between the elevens of Hartselle and Moulton. The staging of this contest here will bring many visitors to the cities, as both aggregations will be personally escorted by heavy rooting delegations. The attendance at the game will no doubt be large.

Uncle Sam's Gunner Visits Homefolks

Herman Lee, of Albany, one of the men behind Uncle Sam's guns, is the guest of homefolks, having been granted a short furlough. He will leave today or tomorrow for Newport News, where he will rejoin the flagship San Francisco, of the mine laying fleet. The vessel is commanded by Captain Butler. Mr. Lee belongs to the "gunner's gang," in the lingo of the navy, and has seen active service. He has gained much weight and likes the naval service so well that he is anxious to get back to duty. While here the young sailor was the guest of his father and mother, Mr. and Mrs. E. C. Kirby.

Almon and Nathan Secure Options on Overflow Lands

Thousands of Acres in Morgan and Other Counties Wanted by Government

Congressman Ed B. Almon, of Tusculum, accompanied by Judge Jos. H. Nathan, of Sheffield, spent several hours in the Twin Cities yesterday on business for Muscle Shoals. Judge Almon is devoting practically all of his time during the recess of congress in aiding the government in securing options on overflow lands so that the work on Muscle Shoals may proceed without interruption. While here yesterday he interviewed several large land owners, including a number from Morgan and Cullman counties, with a view of optioning their lands near the big power dam for the government. Satisfactory progress was made and Judge Almon and Judge Nathan returned home much pleased with the patriotic spirit shown by local citizens who own land near the proposed development and who are willing to give the government a square deal in order that the work may go on.

CAUSE FOR THANKSGIVING.

It has been customary for our presidents when in the past they have called us to observe our Puritan heritage—Thanksgiving Day—to mention as one cause—"We are at peace with all the world." Such a cause for thanks does not exist today. And to some it may seem on first thought that one of the biggest things in our budget of thanks is gone and there is nothing to replace it. But such is not the case if we are to accept President Wilson's words in his recent Thanksgiving proclamation, which in meaning are as follows:

"We have something to be thankful for that is greater than peace of mind or prosperity of enterprise. We have the privilege of fighting for world law, the highest ideals, and for the very life-blood of humanity. For those for whom ideals may exist, but which ideals are yet a great way off."

A man must be red hot for the good of humanity for him to get enthusiastic over America's part in the present war. He must be a cosmopolitan man. He must know that salt water does not terminate a nation's duty. He must be a Knight-Errent—missionary to feel thankful for our present war opportunity. If one has a drop of the Bolshevik (which word means in Russian, "We want more") blood in him this war might be proved virtuous to him, but not interesting or a cause of thankfulness. If one has the blood of the Sinn Feiners in him—the noun for which in Irish means, "For ourselves alone," he will say we ought to have kept our ships at home when the Kaiser said so and also have kept all our food for ourselves alone.

If one believes that all international law is to be suspended during war, as the Kaiser intimated to Mr. Gerard, and disbelieves the president's great premise used in one of his early notes to Germany—that peace is the normal condition of the world, and that the laws obtaining during peace shall be upheld at all costs, such a one will not be thankful that we have an opportunity to fight for the sacredness of all law, including international law.

The life blood of humanity is not the life laden fluid which circulates throughout the body, and which in large amount is now being shed on the plains of France and Italy, but it is humanity's freedom. It is humanity's right to have a fellowship of its own choosing; it is its right to live its own life, subject to no dictates from overlords. It is humanity's very life that it at all times has the law for its protection. This is why the law was given at Sinai. Those who believe these things have large cause for Thanksgiving at this time.

"I'll Show You How Corns Peel Off!"

Ever Peel a Banana Skin? That's It!

"I should worry about those corns just put some 'Gels-It' on." Corns used to pester the world into a frenzy, enduring pain, digging, cutting toes, tinkering with plasters.

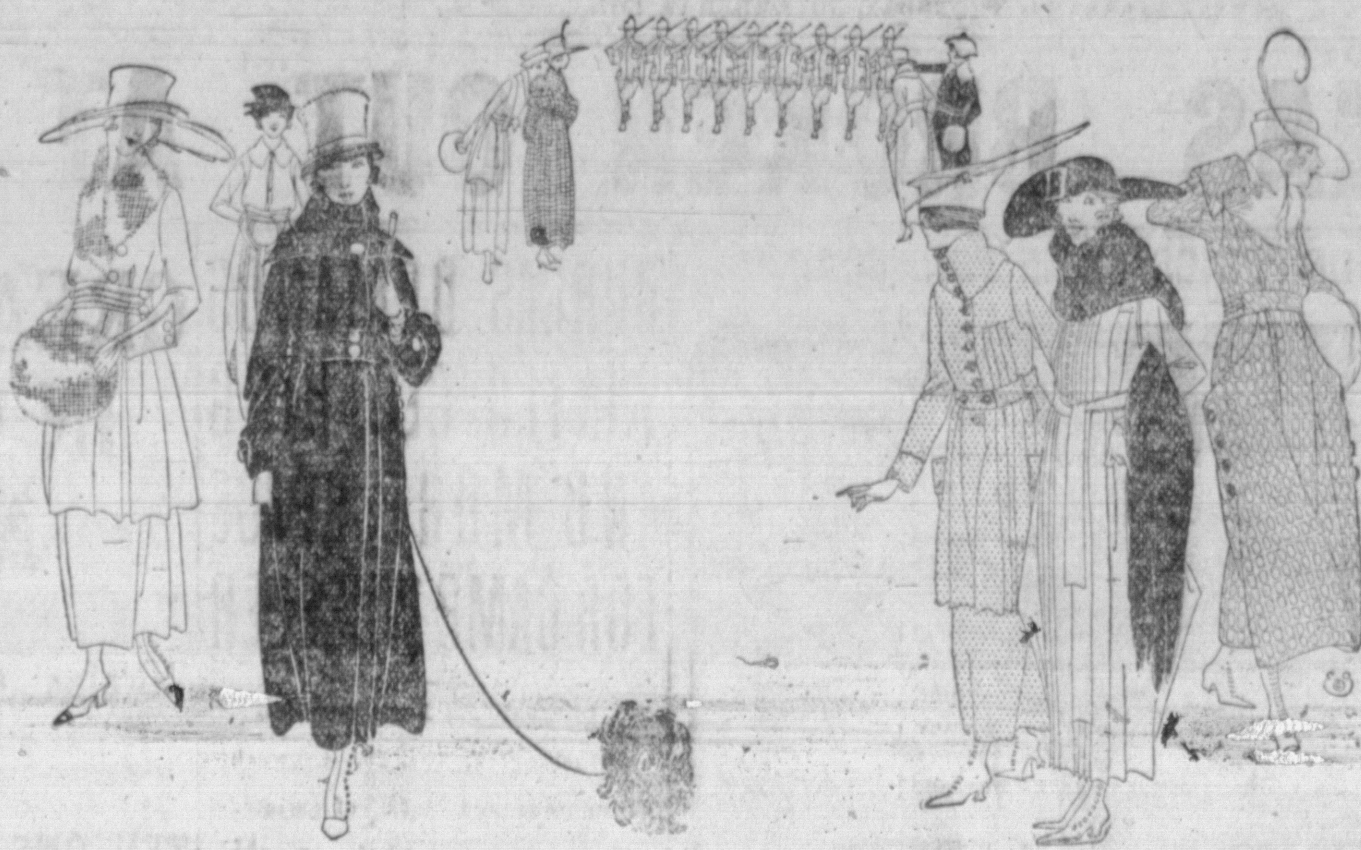

"Gels-It" Puts Your Feet in Clover—It Ends Corns Quickly.

and tape, trying to fix a corn so it wouldn't hurt. But now no one in the world "should worry," because the moment you put "Gels-It" on, it means the end of a corn. There is nothing in the world like "Gels-It"—nothing as sure and certain—nothing that you can count on to take off a corn or callus every time, and without danger. The corn never grew that "Gels-It" will not get. It never irritates the flesh, never makes your toes sore. Just two drops of "Gels-It" and presto! the corn-pain vanishes. Shortly you can peel the corn right off with your finger and there you are—corn-free and happy with the toe as smooth and corn-free as your palm. Never happened before, did it? Guess not.

Get a bottle of "Gels-It" today from any drug store. You need pay no more than 25c, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Albany and recommended as the world's best corn remedy by Preuf-Dillehay Drug Co., and S. M. Thompson.

A Harvest of Holiday Economies

Exclusive Mid-winter Apparel Thoughtfully Priced 10 to 40 Per Cent Below Today's Accepted Values FOUR REASONS FOR THIS PRACTICAL SAVING EVENT

President Begins Writing Message

(International News Service.)

Washington, Nov. 29.—President Wilson began writing his message to congress today. For several weeks he has been making notes and revolving the various subjects to be touched upon in his mind. The president's message will not be devoted entirely to the war, it became known today, but will give attention to several domestic problems.

SOCIETY

Margaret Clinton Shelton, Phone 682, Albany

BEREAN CLUB.

Mrs. W. A. Curry, chairman.
Mrs. Z. Trimble, secretary.
Mrs. D. S. Johnson, hostess.
The Bereans assembled with Mrs. D. S. Johnson on Wednesday afternoon for their very interesting program. After the business meeting, Miss Mattie Banks took charge and discoursed pleasantly on the lesson. Mrs. J. H. Calvin then gave the Federation report, that was greatly enjoyed. Mary Penick, in her sweet girlish way, accompanied by Mrs. H. O. Troup, sang "An Evening Love Song."

GIBSON-CHANDLER.

Wednesday afternoon at 5:30 o'clock Miss Augusta Gibson, daughter of Mr. and Mrs. J. W. Gibson, of Albany, was quietly married to R. P. Chandler, of Athens, at the pastorate, by Rev. Clay Hutson. Mr. and Mrs. Chandler are today the guests of Mr. and Mrs. J. W. Gibson. This announcement will be of pleasurable interest to a wide circle of friends, both here and over the state.

Miss Zulee Gibson and brother, David, accompanied by B. L. Malone, motored to Athens Wednesday for the Gibson-Chandler marriage.

Miss Mary Grace Sanders, who has charge of a school at Johns, Ala., arrived last night for the holidays, as did Lieut. Snodgrass and Lieut. Chas. Saunders.

Mrs. Mabel Williams will spend Thanksgiving at Athens with her sister, Mrs. H. R. Sommer.

Miss Ada Jones will spend Thanksgiving with Mrs. John Curry at Tusculum.

Miss Hicks is at Jackson, Tenn., for the Thanksgiving holidays.

Miss Jen Reeves went to Athens for the holidays.

Miss Marie Jones, who teaches in Gordon school, is spending the holidays in Opelika.

Misses Calhoun and Keenan went to Birmingham for the holidays.

Mrs. Julian Bibb went to Birmingham to spend Thanksgiving with her husband.

Mrs. G. B. Bond, who visited her sister, Mrs. A. H. Manly, has returned to Nashville. She was accompanied by her son, Lieut. Cicero Blythe Bond.

Mrs. J. E. Blair and Miss Cassie Bell Roberts are in Birmingham.

Mrs. J. T. Whatley, of Florence, is visiting her parents, Mr. and Mrs. R. B. Mangrum.

Miss Theo Davis, who teaches at Birmingham, is at Trinity for the holidays.

Miss Cynthia Davis, who is a student at the State Normal at Florence, is at home for the holidays.

Dr. Charles Sullivan and wife, of Florence, are visiting Mr. and Mrs. Milton Harvey.

Mrs. William Steed is visiting her parents, Mr. and Mrs. Jeff Davis, at Trinity.

Mrs. A. B. Carriger is visiting her father, J. M. Guest, at Attalla, Ala.

Miss Kathleen Almon arrived this morning from Sullings College to spend the holidays.

Mr. and Mrs. H. D. Tuck are visiting relatives in Georgia, also visiting J. B. Keltner who is in training camp at Camp Wheeler.

Get STRONG Again

Just because you are run down, don't get down-hearted and discouraged. There is help for you. Your case is not different from thousands of others who have suffered from indigestion, constipation, bowel, kidney and liver trouble. They took Vin Hepatica, the universal system purifier, and today are absolutely well.

C. B. Moore, of Nashville, suffered so greatly from indigestion and was so distressed by food, that, as he says, he was about starved out.

A friend recommended Vin Hepatica. Mr. Moore in desperation decided to try it. "I am a well man now." Others tell the same result.

There is no secret about Vin Hepatica. You will find the ingredients on the label—eight of the most effective remedies known to medicine, and all herbal. It just seems as if Nature herself had created these plants for the relief of suffering humanity.

Do you wonder that knowing these things, we urge you to try this really remarkable prescription?

Thompson Drug Store, Albany, Ala. (Adv.)

Misses Irene and Imogene Durham returned to Nashville this afternoon, having been the guests of Misses Mary and Margaret Penick for Thanksgiving.

Miss Mary Penick will be the weekend guests of Mrs. W. B. Edmundson at Wilder Place. Mrs. Edmundson is entertaining extensively for her many guests.

Mrs. Barnes Howell, of Huntsville, is visiting Mrs. Orville Baxter.

Miss Kathleen Webb went to South Alabama for the holidays.

PERSONALS

Foster H. Woinster will attend the Shriners' meet at Birmingham today.

Prof. Ralph W. Cowart went to Troy for the Thanksgiving holidays.

Prof. Kimbrough is spending the holidays with homefolks at Thomasville.

Robt. Jervis arrived yesterday afternoon from Camp Wheeler at Macon, Ga., to spend Thanksgiving with his parents, Mr. and Mrs. A. D. Jervis.

Mike Humphrey is hunting at Madison today.

J. N. Napps, of the Albany postal force, who has been quite ill for two weeks, is somewhat improved.

H. H. Hitt was in the city yesterday.

Carl Wilkinson, of Columbia, is here for Thanksgiving.

B. F. Caynar is visiting his son, who is in training at Macon, Ga.

Malcolm Patterson is at home for the holidays. He is a C. M. A. student of Columbia, Tenn.

W. A. Curry has returned from Shelby, Miss., and Memphis, Tenn., where he was auditing books.

Oscar Porter has returned from Texas, and is the guest of his parents on Trinity mountain.

MINISTERS AND DEACONS MEETING AT DANVILLE DECEMBER 6th.

The ministers and deacons of the Muscle Shoals Association will meet at Danville Baptist church Thursday, Dec. 6, at 10 o'clock. This is the first meeting of the new associational year, therefore, all the ministers and deacons possible are expected to be present, also the executive committee of Morgan county.

The following is the program:
10:00 a. m.—Devotional service, conducted by Rev. B. P. Collier.

10:15 a. m.—Your Plan for the Year's Work, by all pastors.

11:00 a. m.—Sermon, Dr. A. J. Dickenson.

12:00—Dinner.

1:00 p. m.—Plans of Executive Committee, by Rev. J. A. Cook.

2:00 p. m.—Winter Schools and Howard College, by Rev. W. P. Wilks.

2:45 p. m.—Business meeting.

7:00 p. m.—Sermon, Rev. R. F. Stuckey.

L. L. HEARN, Sec'y.

HOME BUILDERS ARE CITY BUILDERS

Our cities are famed for their beautiful and modern homes, we are proud to talk about our homes, our wide boulevards, etc., but—

let us remember that the Home Builded is responsible for our greatness, and let those who have not contributed to the upbuildg of Albany-Decatur fall in line and build a home.

No time like the present time for home building, watch this page for suggestions.

Houses Are Not Complete Without Electric Lights

Homes in Decatur and Albany may be wired at a small cost and owners will be given twelve months time to pay for the wiring, if they desire it. Call at our office for information.

Terms may be as low as \$2.00 per month

A full line of Gas Ranges, Gas Heaters and all Gas and Electrical Appliances to make home comfortable

Fourth Avenue South

Ideal for A Small Lot

This is an admirable bungalow for a small lot, and one that has an air of exclusiveness unusual in a house of this cost. Outside walls are sided with rough siding, stained brown. The roof is stained a moss green. Trimmings painted a deep cream. A porch 7x28 extends across entire front of house. You enter from porch directly into living room; this room and dining room is separated by cased opening or French doors, both having oak floors. The dining room has a bay window and "Ye Planry" disappearing bed under buffet. Above the bed and buffet is equipped with drawers for linen and silver with doors and shelves above for dishes.

The kitchen has all modern built-in features, cupboards for dishes, pans and all kitchen utensils, sink and drain-board, with cupboards below. A large screened back porch just off the kitchen. On the opposite side of the house are two well arranged bed-rooms, with closets for each and bath between the two.

WHEN you wish to furnish your new home, don't fail to call and inspect our twenty three furnished rooms on SECOND FLOOR. You may find valuable suggestions here.

Morgan Furniture Co.
SECOND AVENUE

For Winter Colds and Coughs

Try Steam or Hot Water Heating. Coal at \$6.50 per ton is cheaper when burned in a Steam or Hot Water boiler than enough drops at 5 cents per box. Everybody knows that when the air in the room is warmed by low temperature in Steam or Water radiators the moisture is not robbed from the air, therefore its purity and life giving properties are preserved, that is why all hospitals and green houses, where preservation of human life and tender plants are maintained, use Steam or Hot Water Heat.

If you consider that your health or your family's health is worth preserving, call or write for information and estimate concerning your heating needs, to

Does Renting Pay?

First we will take the man who is paying \$15.00 per month. We figure ten years because there is any number of men in Albany and Decatur who have been renting that long.

Twelve months rent at \$15.00 is\$ 180.00

Ten years' rent at \$180.00 is\$1,800.00

What have you to show for it? (Wait until you miss a month.) A big sign hung on the door—"FOR RENT," by some real estate man or an individual who just had a little more nerve than you had ten years ago.

You have rented ten years and paid for a house and lot which is still there—so are you, and still paying \$15.00 per month to get to stay.

Let us explain our Monthly Payment Plan and help you to be the owner of a HOME, not a PLACE.

DECATUR, ALA.

BUILDERS NOT BOOSTERS

BUILD our town.

Don't be always boosting.

Builders are workers. Boosters are leeches, just hanging on, endeavoring to reap the benefits from the work of the builders and repay it in lip service—idle talk—much noise—nothing tangible.

Booms and abnormal conditions are the outcome of too much boosting and not enough building—too much talk and not enough work. Or in the words of a business man—too much advertised without being backed up by service.

Our city has successfully passed through all the stage of booms and boosting, all the ills attendant to a growing city. The nurses who pulled us through were the builders—men and women who quietly and unostentatiously took advantage of opportunities, or better still, made their own opportunities. They built and improved until today our city ranks among the first in our land. It was not the early booster who made our city, it was the men and women who really believed that we had the best on earth and backed their faith by works. The booster he left.

We need builders today the same as we needed them in the early days. Our city is growing and we must have planners, builders and workers.

There is work for all—every citizen has the opportunity of aiding our city in its advancement. Home Building is one of the best and surest ways of demonstrating our faith in our HOME TOWN. It is one method of building our cities which is in the reach of all. Few cities in the land offer to the man of moderate means as many safe and sane avenues of financing a Home as is offered in Albany-Decatur. If you want to build a home and opportunity is yours.

Home Builders are workers. They are Advertisers rendering service. Today in place of boosters we have Home Builders.

Everything in Hardware for Builders

It is the most important to select the best hardware for that new home or building. That brings you here, for we make a point of carrying nothing but the best builder's hardware that adds not only to the beauty of a building but to its selling value as well.

The Sash and door Locks, Hinges, Etc., are a very small part of a building, but will repay many times for the cost and trouble of proper selection. Cheap goods are a continual source of trouble and worry.

We are prepared to name interesting prices on the complete hardware for any style of building from the humble cottage to the largest office building.

Yes sir! We also sell the best building Tools—all moderately priced.
